Hike through ancient Scenic Rim forests

This fully-guided luxury walking holiday blends harmoniously with nature.

Walk through moss-draped forests clinging to mountain peaks beneath a canopy bristling with birdsong. Knowledgeable guides share the secrets of trails forged by First Nations people over thousands of years while eavesdropping koalas peer listlessly from Blue Gum eucalypts. The Scenic Rim's Gondwana Rainforest harbours 400-year-old hoop pines. Lizards bake on sun-warmed rocks. Frogs croak throatily. Mountain views come framed by every shade of green and hiker's footsteps create a rhythmic dance to nature's warbling soundtrack.

About the Scenic Rim Walking Trail

The Scenic Rim Trail winds its way through the Main Range section of the Great Dividing Range in southeast Queensland. It is less than two hours' drive southwest of Brisbane. The World Heritage-listed Gondwana Rainforest provides habitat to more frogs, birds, reptiles and marsupials than anywhere else in Australia.

Tree ferns standing as tall as an adolescent giraffe reach skywards into the canopy while cascading grasstree fronds swoosh gently as walkers brush past them. On a fully guided walking adventure, trails weave through valleys carved by freshwater streams beneath mountain peaks formed by volcanic activity 20-odd million years ago.

You can choose from guided walking adventures to suit your fitness and interest level, whether you're undertaking your first steps on a hiking holiday or are a multi-day hiking veteran. Hiking adventures start from two days, which provide an ideal introduction to luxury guided hiking holidays. A selection of longer multiple day walks vary in length. The longest is the ultimate 6-day Scenic Rim Trail adventure which offers complete immersion in nature.

All guided walks include elegant eco-sensitive accommodation. chef-
